MEMORANDUM

To: General Counsel

Subject: Employment of Retired Foreign Service Officer

1. OGC is considering the possible employment of a retired Foreign Service Officer who is residing overseas. It is not contemplated that he shall receive any compensation for these services, but we would like to be in a position to give him the equivalent of a Living & Quarters Allowance and reimburse him for any other expenses which he may incur in performance of duty for us. In exploring this possibility, it would seem advantageous to be able to allocate a standard sum of \$200 to \$300 a month to cover the Living & Quarters and normal expense items with the understanding that we would increase this by specific amounts required to cover any unusual or outstanding expense items such as travel to the U.S.

2. Will you please let us know whether the above can be accomplished in a legal manner without interfering with the normal retirement income which this individual is currently receiving and without upsetting his current tax status.
